

# School supplies checklist S1 EN ESS

Dear Parents,

this list is intended as a **shopping guide**.

Some school supplies are certainly still available from the previous school year and can of course be reused if they are still in good shape. Please check these school supplies for usability and completeness and add to them as needed!

- Remember to stock up on materials as the school year progresses.
- Please **label** the materials with your child's **name**.
- Please pay attention to **quality**. Children quickly lose motivation when working with poor quality pens and paints.
